

Welcome to physicsbook.gr!

If you are interested in science and you like to do experiments, you did a good choice by visiting physicsbook.gr.

Our main aim is to provide experiments, which you can do at home on your own. (Perhaps, you have to ask your parents or another adult to help you with some experiments.) Every experiment is ranged in subjects ( [biology](#) , [chemistry](#) , [physics](#) ).

You can also use this website to gain information about scientific effects, [famous scientist](#) or just to play some minigames. It is not necessary to do an experiment in order to gain information. The effect is always explained and there are always images of the experiment. Another possibility to use physicsbook.gr, is to look up some scientific phrases by using our [Wiki](#).

Have a look at our [Features](#) to get to know every possibility to use physicsbook.gr

Our last and most important advice: Have fun!
